

First Time Instruction:

1. Once you receive the karungali product, please put it on Normal water for about 2hours and you can see the color changes in water not on karungali product you bought (Note* Water must be from normal bore/well it should not be chlorinated water/RO water)
2. Once you complete the above test, put your karungali product on RAW MILK/PURE GHEE (Do Not use boiled Milk) for 12 hours. Let's say for an example if you put it by 7PM tonight it must be taken out next day morning 7AM.
3. Again, rinse in normal water and wipe it with cotton cloth and start using it.

Do Not use this Karungali:

1. When you drink/smoke.
2. When you eat non-veg.
3. When you take a bath.
4. When you sleep at the night.

Who should not use:

1. Kids below Age 6.
2. Pregnant ladies (This might disturb/extra burden to them)

Thank you for purchasing the product!
